Email: dfapplications@digicelgroup.com

At your own discretion, you may also include a full presentation or project information pack as an appendix to this application. Please note that all taxes, duties, levies and charges imposed in connection with the grant will be borne by the applying organization and applicants are urged to seek their own professional advice.

ABOUT THE APPLICATION PROCESS

You are invited to submit a completed Application Form to the Digicel Foundation for further appraisal of your project by the Digicel Foundation Project Approvals Committee. The Digicel Foundation Project Approvals Committee will carefully evaluate your application and decide on whether or not to make recommendations for your application to go to the Digicel Foundation Board for a final decision to be made.

Funding Guidelines for Completion of Application Form

It is important to remember that the Project Approvals Committee has the final decision with regards to making recommendation for approval of projects. The Committee members include a cross- section of the Foundation's Board of Directors who are drawn from Digicel' s employee pool as well as the Foundation's Programme Team. The panel members will assess your application in relation to

- The proposed project's commercial viability and sustainability;
- The appropriateness of Digicel Foundation Fund support and;
- The tangible benefits of the project in relation to the objectives of the Foundation.

The Committee may ask for a revised application if there are any issues that require further clarification before making the final decision on a grant. The assessment process will be rigorous but fair; each application will be assessed on its own merits.

SPECIAL AREAS OF FOCUS

For the fiscal year 2019/2020 new objectives have been developed, which are outlined below:

- **EDUCATION:** Special emphasis will be given to the strengthening of science and information and communication technologies (ICTs) in response to the changing technological environment and also upgrades to early childhood institutions to meet the established standards.
- **SPECIAL NEEDS:** Increasing the quality and quantity of facilities serving the special needs communities and increasing the awareness around special needs issues.
- **ENTREPRENEURSHIP FOR SUSTAINABILITY:** Encouraging community self-reliance and empowerment through the implementation of sustainable projects that build life skills or generate income for community members.

Programmes identified by the period will target the following beneficiaries:

- Quality education and ICT development for children, adolescents and youth at the early childhood and secondary school levels;
- persons with special needs; and
- youth and community members.

We invite you to submit your project for consideration, by filling out an application form. Kindly use the guidelines detailed below, to assist with such.

5. **Partnerships: (Mandatory)**

Funding Guidelines for Completion of Application Form

Please provide details of the institutions your organisation will be partnering with to execute the project, stating their names along with the role they will play.

6. Sustainability: (Mandatory)

Describe the actions your organization will be taking to continue/sustain the project after the Digicel Foundation's funding has ended. If the project results in increased salaries, equipment or building maintenance costs once completed, please provide an expected operating budget as it pertains specifically to the project and describe how this budget will be met on an ongoing basis. This is a requirement for all applicants especially infrastructural or equipment based projects. Examples of this would be improvements to Basic Schools which will now require increased insurance, appliance maintenance and building maintenance costs. Where possible, please provide a current Income and Expenditure statement/summary of monthly activities as well as the last 3 months bank accounts. **If entrepreneurial, provide a business plan and expected cash flow for up to 5 years.**

Section 3: Project Financing

In this section please outline the project financing as requested. Please ensure that for all applications taxes, duties, service fees and levies are included. In addition to this summary, please also attach a minimum of 2 full cost estimates from suppliers. It should be noted that where project costs are an amalgamation of several suppliers that it is expected that the applicant will show a complete costing outline using the information provided. At least 2 complete estimates are required. **We encourage applicants to submit as detailed a project budget as possible with your Application Form.**

NOTE: For projects involving the erection or renovation of buildings or permanent structures, the Grantee agrees and shall obtain the requisite **Comprehensive Insurance Coverage** for the newly renovated and/or new building erected by the Digicel Foundation. The Grantee undertakes that it is their responsibility to obtain the requisite insurance and as such shall ensure that upon completion of the Project the said Insurance shall be in place with a reputable Insurance Broker. The Grantee shall no later than seven (7) days after completion provide the Digicel Foundation with a copy of the Insurance obtained.
